Coverage When You Travel

You'll have coverage in 48 states and two territories while you travel for six months or less.

If you're away more than six months, call us to talk about your options.

Your Prescription Coverage

Your plan has Part D coverage with a deductible. You only have one drug tier. And you can get your prescriptions from any pharmacy in our network.

Part D Drug Coverage Phases

During the initial coverage phase, you'll pay a copay or coinsurance amount for your covered drugs. Once you've spent $2,400 on covered drugs, you'll move to the catastrophic coverage phase. Then you'll pay $0 for your covered Part D drugs for the rest of the year.

Your Part D deductible

Your plan has a $700 Part D deductible for all drugs. That means you'll pay $700 out of your pocket before we'll start paying for some of the cost of your drugs.

Help Paying for Prescriptions

If you qualify for Extra Help, you may be able to get help paying your plan premium and drug costs. Extra Help may also lower or remove your Part D deductible. Visit **bcbst.com/extrahelp** or call your local Social Security Office to see if you qualify.

Covered Drug List

The covered drug list (formulary) tells you what drugs we cover and how much you'll pay for them.

Pharmacies To Use

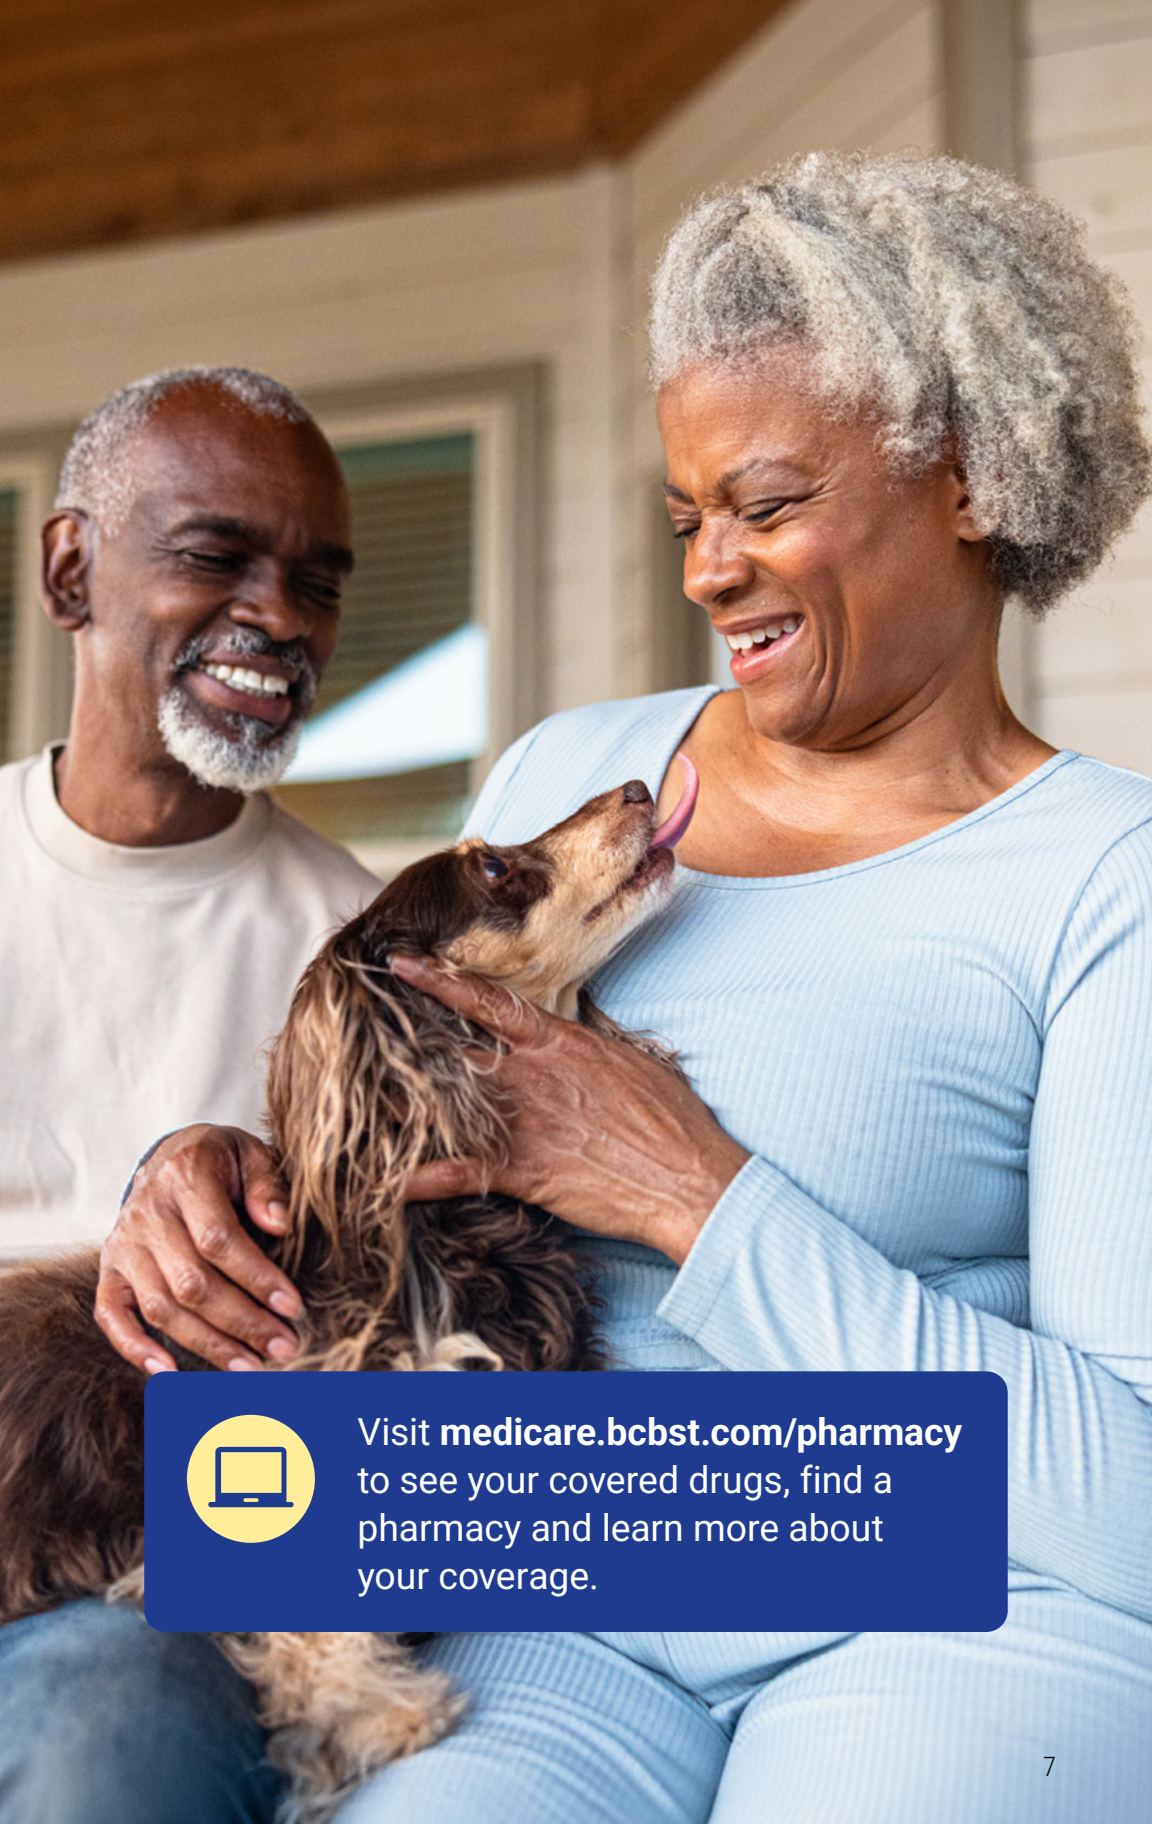

CVS Caremark® manages your drug coverage. But you don't have to use a CVS pharmacy. You can choose any pharmacy in our network.

Mail Order

Save money and time by getting your drugs through mail order. You may pay a lower copay, and shipping doesn't cost extra.

Part D and Part B Insulin Coverage

You won't pay more than $35 for a one-month supply of any covered insulin.

Visit **medicare.bcbst.com/pharmacy** to see your covered drugs, find a pharmacy and learn more about your coverage.

When you join the My HealthPath® Wellness and Rewards Program, you can earn rewards* for taking steps that support your health.
